GLADIOLUS LIST 1942 - 1943

Having managed to grow a good, though small, crop of bulbs again, I hereby offer a select list of outstanding varieties, in limited quantities for your consideration.

My customers will benefit by the savings from this inexpensive list with over count and extra rare bulbs of the newer varieties.

Terms - Cash with the order or 25% cash, balance C O D, or just before delivery.

Shipping charges paid on all cash, retail orders.

Avoid disappointment by ordering early, while stocks are available.

5 bulbs at the 10 rate, 25 at the 100 rate, 100 bulbs at seven times the 10 rate, when available.

Large growers write for wholesale prices.

All orders received subject to prior sale.

I classify bulbs as: Large (L) 1-1/4" up.
Medium (M) 3/4" to 1-1/4"
Small (S) 3/4" down
